Quelque part au nord de Danemark...

Dear Brother!

Join us in the wild, take a guided tour  
just around the corner of our pitresque swedish houses  
and see all the wilderness and all of it's inhabitants.  
Follow us deep in to the wild forest, enjoy all the manhoodlike  
events that our past members has prepared for You.

Why not experience a genuine swedish midsummer,  
combined with a typical autumn-like crayfish party.  
All at the wrong season of the year!

Why not meet the rest of our club.  
Do they sing as well?  
Well, come on over and hear for our self!

This Euomeeting will be a once in a life time experience!
